Munyon Remedies EVIDENCE AT BARNES TRIAL CONFLICTING

the First Shot.

HER STATEMENT UNSUPPORTED

Negro Janitor in Post Office Says Representative Had Hand on Revolver as He Followed Antagonist From Building.

REPUBLIC SPECIAL. Mexico, Mo., July 23.-To-day's session of the preliminary examination of Clarence A. Barnes on the charge of murdering Representative Rhodes Clay, developed several contradictions in the testimony.

The first testimony and the only indicating evidence that Clay fired the first shot, was given by Margaret Fitzpatrick of St. Louis, a servant in the family of John Maxwell. She stated that she was in front of a meat market, two doors west of where the shooting occurred, and that she was an the stand that she saw Barnes and Clay emerge from the Post Office, but that she did not know them.

One, she said, was tall and wore a Pansma hat (Clay), the other smaller and wearing a dark coat (Barnes). Barnes, she stated, came out of the Post Office first and was followed by Clay. It was then, she though: two shots were fired after he fell.

Witness Bacomes Confused. Miss Fitzpatrick also testilled that the smaller man (Barnes), had a mustache, when he is clean shaven, as was Clay. Her testimony is in opposition to all others as to who fired the first shot.

Another statement which is supported by only one witness is that Clay had his hand in his hip-pocket on his revolver as he followed Barnes from the Post Office before actual hostilities began.

This testimony was given by Frank Ramey, New York, July 23.-It is learned from a a negro, who is janitor at the Post Office reliable source that King Edward will visit and who was sweeping out near the front the Cmar in the latter part of September, door, and close to where Clay and cables the Copenhagen correspondent of a Barnes gave battle. He testified that Barnes started away from Clay and said: "Don't follow me. I don't want to have any trouble with you."

Ramey then stated that Barnes left the

"When within about three feet of the door, going out," testified Ramey, "Mr. Clay had royal yacht under escort of a British and his hand on his hip picket, and was still following Mr. Barnes. When they got outside Mr. Barnes faced Mr. Clay with his ward will make his long expected visit to revolver, levelled and fired. Clay's hand going deeper in his hip packet and drawing his revelver."

The witness became somewhat confused under cross-examination, but maintained his

Mrs. Annie Pearl testified to having seen Clay on the crossing in front of the Post Office just previous to the shooting. She Columbia, Mo., July 28.—Doctor Clarence said that Clay was standing still as she "At the same time," she testified,

She said in her testimony:

"I did not think Mr. Clay was quite him-During the morning session several witnesses testified as to Barnes's reputation for peace, quietude and good citizenship-Quite a legal battle was precipitated on account of an effort of the defense to introduce portions of the testimony in a Police Court case, involving Clay and Barnes, who were in a street light the 1st of June.

Squire Bass finally admitted the testimony showing that Cley had testified as follows in regard to the fight, in which, so far as the testimony went up to \$ o'clock. Clay was the aggressor:

"I didn't know what they were going to do, and I will say very frankly if I had not been held I would have done my best to there and it was the scene of many social site. kill either one of them, the dirty little man I am. I wanted those fellows to settie that thing there. By ---- , I am not afraid of any one of them."

The case probably will reach a consission late to-morrow afternoon.

"Boro-Formalin" (Eimer & Amend), used as tooth and mouth wash in the morning, leaves mouth sweet and pure all day.

sentences since.

William Menard, a floorwalker at the William Barr Dry Goods Company's store, appeared at the Four Courts yesterday afternoon and identified Clayton as the man who had been chased from the store several days ago, after which it was discovered that a robe had been stolen.

Democrats Call Convention. REPUBLIC SPECIAL. Eldorado, Ill., July 22.—The Democratic Committee of the Twenty-fourth Congres-sional District has called a convention to be held in the city of Eldorado on July 31 for the purpose of nominating a candidate for Congress.

TAFT ASKED PERMISSION TO ACCEPT POPE'S GIFTS.

ecretary Root Evaded Decision of Delicate Point by Suggesting They He Regarded as Souvenirs.

Washington, July 21.-Governor Taft has

acquainted Secretary Root with the fact reported in the news dispatches from Rome that the Pope had tendered several pretty and appropriate gifts to himself and the members of his party and he has asked whether these can lawfully be accepted. It was at once recognized that the question thus presented involved some very deli-cate and interesting points, principal among them being a positive decision, expressly to be avoided at this stage, in the opinion of the officials, as to the temporal powers

of the Pope.

If these were decorations or gifts of large value, then under the constitutional inhibi tion, they might not be received without authority of Congress, if the Pope is regarded as having temporal powers—as being a Prince, a potentate or a sovereign. Secretary Root has, however, avoided an unpleasant decision on this matter by ir-forming Governor Taft that if these gifts are not of considerable intrinsic value and are personal in character, they may be ac cepted as mere souvenirs, in which case the personality of the giver need not be a matter of official inquiry.
On the other hand, if the gifts are of

exceptional value, which is not believed to be the case, from the newspaper reports. then they may be depositied in the Smithsonian Institution in this city.

OATMEAL MUSH AND DIABETES. Dr. Pavy, of England, has shown that diabetes is due to an imperfect digestion of starch and its absorption in the blood. It is impossible for the stomach to digest cereal

foods taken in the form of mush, in which the starch is less than half cooked. This is one of the reasons why diabetes is become ing so common in this country and British Islands. French physicians long ago discovered that toasted bread or dextrinized starch is an excellent remedy in diabetes. The best dextrinized food, however, to known to be Toasted Wheat Flakes, sweetened with Malt Honey, made by the Battle Creek Sanitarium Food Co. These finkes are thin, thoroughly cooked and browned. They are very appetizing, partly pre-di-gested, and quickly assimilable.
